30 Days To A Bigger Email List

Resources Guide

This top resources report was created to help you quickly find the top resources that are referenced in the main “30 Days To A Bigger Email List” ebook. This list will include software, services, and free resources that will help you implement what is taught in the main ebook.

For complete details on each of the steps refer to the main ebook.

Research Sites

www.google.com (Suggested Search is located as you start typing your keyword and at the bottom left of Google.)

www.youtube.com (Suggested Search comes up as you type your keyword.)

Screen Capture Software

- 1) www.Screencast-O-Matic.com – This is a free screen capture software with a \$15/annual upgrade (at the time of writing this ebook). The annual upgrade option removes the watermark on the

videos. A very low cost in my opinion.

- 2) [Jing](#) – This is a free software that also allows you to record videos, and has a low upgrade to make it easier to work with the video files.
- 3) [Camtasia](#) – This is a more expensive web-based software, but honestly worth a serious look if you plan to do lots of videos in the future as it has a simple to use editor that can be used for all kinds of videos not involving your screen captures. I would suggest starting with one of the free or low-cost options to get your feet wet at making videos first.
